

27<sup>th</sup> Aug, 2020

Dear Resident, Family and Friends,

I am writing to provide another update for BlueWave in relation to COVID-19. We have continued to monitor the community transmission on a daily basis. We have been made aware late this afternoon that there is a local COVID case in Woy Woy, which is a flow on from the Sydney CBC cluster, and the person commuted on the train from Woy Woy Station.

As such BlueWave living will be closed to all visitors for at least 14 days, whilst we monitor to see if there is a localised outbreak flowing from this.

As always, there will be exceptions made on compassionate grounds, such as for families visiting loved one's who may be palliating. Such visits need to be arranged in advance with the Clinical Management team.

Per advice, if anyone travelled on the following train services, we would recommend you get tested and continue to monitor for symptoms. There will be a walk in COVID clinic set up at Woy Woy Hospital (Ocean Beach Road) from tomorrow. Train services to be aware of are;

**Monday 24 August:**

- Sydney-bound train, departing Woy Woy station at 6.31am, arriving Wynyard station at 7.50am
- Northbound train, departing Town Hall station at 5:31pm, arriving Woy Woy station at 6.54pm

**Tuesday 25 August:**

- Sydney-bound train, departing Woy Woy station at 6.31am, arriving Gordon station at 7.21am
- Northbound train, departing Hornsby station at 7.53am, arriving Woy Woy station at 8.28am

Also we continue to offer facetime/skype type calls, and phone calls as additional means for family to keep in touch with loved ones. Please book a time on the above email or phone us.

Thank you to all for your on-going continued support.

Best wishes to all and continue to stay safe.

Yours sincerely,

Matt Downie  
CEO
